

OFFICER VACANCY ANNOUNCEMENT

NEW YORK AIR NATIONAL GUARD 174th FIGHTER WING 6001 EAST MOLLOY ROAD SYRACUSE, NY 13211-7099	ANNOUNCEMENT#: FY 13-03
	DATE: 1 Oct 12
	CLOSING DATE: Until Filled
UNIT: Eastern Air Defense Sector	AFSC: 48G3
POSITION TITLE: Flight Surgeon	AREA OF CONSIDERATION: All candidates may apply who meet the basic qualification for this position and who are eligible for membership in the NYANG.
SPECIALTY SUMMARY (As outlined in AFMAN 36-2105) Administers the Aerospace Medicine Program in the absence of an Aerospace Medicine Specialist; conducts medical examinations and provides medical care for flyers, missile crews, and others with special standards of medical qualification. Evaluates living and working environments to detect and control health hazards and prevent disease and injury within the Air Force community. Related DoD Occupational Group: 260101.	
QUALIFICATIONS AND SELECTION FACTORS - Selection for this position will be made without regard to race, religion, color, creed, gender or national origin. Applications are subject to review by the FSS and as mandatory requirements are met, as outlined in applicable regulations, applicants must meet an Officer Screening and Interviewing Board (OSIB). The requirements and qualifications prescribed in this announcement are minimum for nomination for appointment consideration. Appointment is not assured merely by meeting these requirements. Persons considered must further qualify with requirements outlined in ANGI 36-2005.	
OTHER QUALIFICATIONS: Selection for this position will be made without regard to race, religion, color, creed, gender, or national origin. Applicant must be less than age 46 at the time of commissioning, must pass a COMMISSIONING PHYSICAL.	
KNOWLEDGE: Fulfillment of education and experience requirements satisfies this requirement.	
EXPERIENCE: For award of AFSC 48G1, completion of a primary course in aerospace medicine. For award of AFSC 48G3: Completion of one-week Replacement Training Unit (Aerospace Medicine Primary 301) course. Completion of Survival, Evasion, Resistance, and Escape (SERE) Training (S-V80-A). Unrestricted flight medicine privileges and completion of six flight surgeon sorties.	
EDUCATION: For entry into this specialty, it is mandatory to possess a doctor of medicine degree or a doctor of osteopathy degree from an approved school of medicine or osteopathy, and complete 1 year of graduate medical education in a clinical specialty at a hospital acceptable to the Surgeon General, HQ USAF.	

DUTIES AND RESPONSIBILITIES:

Provides aerospace medicine support. Implements policies and procedures and prepares directives governing flight medicine, preventive medicine, and occupational medicine. Serves as liaison with federal, state, and local agencies in matters related to aerospace medicine, preventive medicine, and occupational medicine. Follows medical standards for flying and special operational personnel and submits recommendations on waivers of medical standards. Provides preventive medicine support. Directs health education and control measures for preventable diseases and injuries. Determines adequacy of living and work environments. Conducts health promotion and fitness programs. Provides advice on nutrition, food service, sanitation, water supply, safety, sewage and waste disposal, immunizations, and health education. Advises medical staff. Advises medical and dental staff on treatment of flying and special operational personnel and preparation of patients for aeromedical evacuation. Provides medical advice and guidance to bioenvironmental engineering, military public health, physiological training, and organizations. Provides occupational medicine support. Participates in the process of determining frequency and scope of occupational medicine exams required by federal regulations and workplace exposures. Conducts and supervises placement and periodic health exams for employees. Identifies occupational hazards and notifies appropriate agencies of occupational diseases or injuries, and investigates job related injuries or illness. Conducts medical examinations of personnel with special standards of medical care. Examines personnel to determine fitness for flying and special duties, or to recommend continuance, removal, or return to flying status and aviation service. Provides primary medical care for flyers and their families. Serves as liaison between flying squadrons and medical services. Provides medical support to operational mission and serves as staff advisor to flying squadron commander. Regularly participates in flying mission. Inflight duties include evaluation of aircrew, aircraft, environment, and mission to provide feedback and guidance to line and medical staff. Establishes procedures for aircraft mishap and disaster response and for managing casualties in aviation accidents and other disasters. Provides advice on air rescue and aeromedical evacuation. Serves on aircraft mishap investigation boards. Participates in flying safety and aircrew enhancement programs. Conducts medical prevention, intervention, and evacuation activities during contingency operations.

OTHER QUALIFICATIONS: Selection for this position will be made without regard to race, religion, color, creed, gender, or national origin. Applicant must be less than age 40 at the time of commissioning, must pass a COMMISSIONING PHYSICAL.

OSIB: An Officer Screening and Interviewing Board (OSIB) is projected to convene TBA interview all qualified applicants.

APPLICATION PROCEDURES: Applicants will prepare and forward a Resume, and one (1) copy of AF Form 24 - Application of Appointment as Reserves of the Air Force or USAF Without Component, a copy of their college transcripts with diploma and a copy of their AFOQT scores (if applicable) **No Later Than Close of Business of Closing Date on Application.**
